**Centereach Fire Department support Angela's House**

By RON MONTELEONE Correspondent  
1st Responder Network

Story Number 072907110

CENTEREACH, NY - On July 28, Centereach Fire Department, along with Nesconset Fire Department, raised the American flag across Middle Country Road to make a finish line for Jay D'Agostino and William Iala who completed a bike ride from Florida to New York that began on July 21.

At approximately 1:30 p.m., friends, family and supporters celebrated the exciting finish as Jay and William crossed the finish line at McCarthy's Pub. Food, t-shirts, raffles and music played by Mixxed Company helped make this fund raiser a great success.

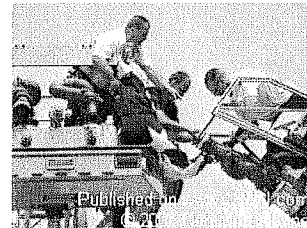

This charity bike ride to honor Angela's House, a facility which assists children with special health care needs that are medically frail, technology dependent, chronically ill or living with a life threatening illness.

D'Agostino said he saw how families struggle with the day to day efforts needed to support these children. This struggle, in many cases, continues to be a day after day, year after year effort which can be difficult on a family. D'Agostino said the difficulty of this ride was nothing compared to what the families do every week. D'Agostino and Iala wanted to thank the sponsor Double R Contracting.
