## Children's Charity Bike Ride

Pictured (l-r): William Iaia and Jay A'Agostino.

**O**n July 28, Jay D'Agostino of Centereach and William Iaia of Patchogue will return from a 1,000 mile, eight-day charity bicycle ride, from Jacksonville, FL to Centereach, with a Suffolk County Police-escort. Upon arrival to McCarthy's Pub, a family owned Restaurant and pub in Centereach, there will be a welcome home party to celebrate the achievement of these two men. The party, hosted by McCarthy's, will provide music, food and spirits to all who attend.

**!! The ride is to benefit a local Long Island charity called Angela's House. Angela's House is a group home for young children with special healthcare needs. !!**

The ride is to benefit a local Long Island charity called Angela's House. Angela's House is a group home for young children with special healthcare needs. These children are medically fragile, technology dependent, chronically ill or living with life threatening illnesses. Bob Policastro, the founder of the organization, has dedicated his life to raising awareness to this cause after losing his daughter after an accident at birth. Bob has helped families on Long Island who simply cannot care for their children in their homes due to the special healthcare requirements they are faced with. Bob has helped open two facilities on Long Island that help care for children with special needs and plans to open a third this year.

Jay met Bob during the construction of Angela's House II. Jay is a representative of a company that manufactures medical gas systems, and helped design and install the medical gas system at Angela's House II. After speaking with Bob and realizing that these children need help, he committed himself to do a 900 mile-long bicycle ride, from Chicago to Centereach, along with his close friend William Iaia. William and Jay rode with only a small backpack holding water, a pair of shorts, a tee shirt, flip flops and a toothbrush, with no escort of any kind. They rode an average 120 miles per day, for 10 hours each day. Jay and William rode with the bare necessities and no escort because they felt that these children and their families do not have many luxuries, so why should they take the easy way out.

For additional information, and to help raise awareness and money for this cause, visit the Web sites at [www.jaydagostino.com](http://www.jaydagostino.com) or [www.angelashouse.org](http://www.angelashouse.org). Donations are tax deductible.
